STUDENT HANDBOOK/ACTIVITIES HANDBOOK**

We have read the Student Handbook and extracurricular activities handbook for the students of Mitchell Public Schools and understand them fully. We understand compliance with the standards of conduct is mandatory for the students of Mitchell Public Schools. We further understand that should there ever be a time our student or the school is not in accordance with these guidelines, we may request a conference within five calendar days of such time with the school Principal to discuss the disciplinary action. We further understand that if after the conference with the school administration, we are dissatisfied with the findings, we may by written request, contact the Superintendent asking for a hearing before the Board of Education.

We understand the activities handbook applies throughout our student's career at Mitchell Public Schools. The policy is in effect throughout the school year and does not **supercede** or limit other applicable policies and statutes governing student discipline, suspension, or expulsion.

PARENT AND STUDENT CONSENT FOR COMPUTER NETWORK

Your child will have access to the Mitchell Public School computer/Internet network. This access can or cannot include authorized connection to the Internet. The Internet would connect your child with educational resources all over the world. Please read the Acceptable Use Policy with your child. Your child must accept the responsibility of using the computer network in an appropriate and authorized manner whether it includes access to the Internet or not. If the student questions the definition of authorized/unauthorized, please ask/check with the teacher. It is important that you understand your child's responsibilities as well. On the Internet, students and staff may participate in activities that support learning and teaching. With access to other networks and people around the world, one might have access to information that may not be appropriate. Mitchell Public Schools has taken measures to prevent access to inappropriate information; however, we cannot control all the information available on the Internet. The school is not responsible for other people's actions or the quality and content of information available.
